

# From the Chair . . .

Greetings from the Area 2 Board,

This is a reminder to you about our 2012 Summer Event – Vibration Vacation. It will be held at two locations – Liberty Corner (Basking Ridge), New Jersey (July 30, 31) and Syracuse, New York area (August 2, 3). Note again that Jim Rossetti has engaged Dr. William Payn, who will be the main clinician, to work on Musicality in Ringing with the attendees. Registration Information is in this issue of Twice Tolloed Tales. It can be accessed through our website: <http://area2agehr.org/>. You will find the link on the website's home page.

Be sure to check out the Events Calendar on our Website for information about other events happening around Area 2. You can check out National events by going to the Handbell Musicians of America web site: <http://handbellmusicians.org/>.

Don't forget to consider hosting a Fall 2012 Technique workshop or a Spring 2013 Reading Session Workshop. We need your help with these!

Information about the **2013 Young Ringers and Festival Conference** are inside this edition. Registration materials will be coming out late summer/early fall.

Membership dues for AGEHR (Handbell Musicians of America) will be increasing. It has been quite a while since the last dues increase. The draft proposal has several levels of membership. We don't want to state them here as the new membership rate and structure is just in the proposal state.

When you receive a dues increase notice, just think of some of the benefits membership provides for you:

A membership belongs to a person (director) or an organization. Members of the choirs under that director or in the organization can register for Area and National events under that single membership number.

The National Organization gives us endorsements for our events which provides us with some insurance coverage.

National pays the Royalty Fees for these events. The endorsement fees that an organization pays for an endorsed event goes to the area, not to National.

National handles all of the memberships. They organize national events. They also do training of your area leaders so that we better serve you.

Vibration Vacation Seminars

*This summer, join us for a Vibration Vacation – a 2-day ringing event – coming to a location near you!*

Your Area 2 Board is planning a summer event that includes the best of the old Read & Ring with a few changes that we hope you will enjoy. In an effort to bring the event closer to you, we are again holding the event in two locations, one in New Jersey and one in New York. In addition, one overnight has been eliminated in an effort to keep the cost more affordable. This two-day event is designed for the individual ringer, director, entire choir or several members of a choir. Geared toward teens and adults, attendees will be able to improve their ringing and/or directing skills as they ring in a massed “track” of four sessions plus a variety of class options.

Continuing Education Credits are offered to certified teachers in all three of the area’s states: New Jersey, New York and pending in Pennsylvania. Vendors, including Jeffers Handbell Services and Raleigh Ringer merchandise, will be available.

Placement in tracks and bell assignments will be made on a first-come, first-served basis. For the good of those in the ringing track, please pick the level of music you are able to ring comfortably. Music does not need to be learned in advance, so it is important that you are able to ring at the level you choose. Each track will meet for 4 (four) sessions.

Please check only one RINGING track.

## II. HANDBELL ASSIGNMENT PREFERENCE

Mark your Handbell Assignment preference with your 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> choices. Indicating just one choice does NOT guarantee you will be assigned those bells.

- Indicate which positions you are willing to ring. Be sure to mark three positions in order of preference. You will be assigned one of these positions *if possible*. By indicating a position preference you are indicating that you are competent using all handbell techniques for that position.
- The sooner you return the registration form, the more likely you are to get your preferred choice. Your ringing assignment will be confirmed.
- Every attempt will be made to give you your first choice but experience shows that many of you will get your second or third choice. We appreciate your understanding and cooperation.

2012 Vibration Vacation Seminars – F.A.Q.

*This summer, join us for a Vibration Vacation – a 2-day ringing event – coming to a location near you!*

## ***So, you have questions?***

**Below are some reasons why you should attend this event!**

= = = = = = = = = =

### ***I am a handbell director. Why should I attend this event?***

1. This is a rare opportunity to work with one of the premier handbell directors, composers and clinicians in the world – Dr. William Payn! A native son of Area 2, and this year's *Vibration Vacation* main clinician, Dr. Payn will direct tins and coppers groups demonstrating how to achieve the most musical sounds from your group using the most effective rehearsal techniques. Learn the best ways to:
  - Find musical lines and how to express them (bring them out) with your choir.
  - Get your ringers to watch and FOLLOW their director.
  - Achieve musical balance within your choir.
  - Develop new and effective rehearsal techniques.
  - Be a better conductor.
2. As directors, we often lament the fact that we don't have enough opportunity to ring. Here is an opportunity to spend several hours ringing under a master teacher. And don't be intimidated, I've worked under Dr. Payn's masterful tutelage and he has perfected the art of taking people from "wherever they are" in their musical development to a higher level of musicality, always in the most gentle way.
3. While not in the ringing track you can take classes to learn better and healthier ringing techniques for bass and treble bells.
4. Martha Alford is teaching tracks for Beginning and Intermediate Directors on practically everything you ever needed to know about being a handbell director, such as recruitment, music selection, bell assignments, handbell symbols, and much, much more.
5. Marilyn Shenenberger is teaching classes on how to better understand and teach rhythms.
6. Jeffers Handbell Supply will be on site for you to shop for any handbell/handchime needs you may have.

### ***I am a handbell ringer. Why should I attend this event?***

You may want to attend for some of the same reasons as a director or you may have your own reasons:

1. How do I identify the musical lines that my director wants?
2. How can I watch my director and not lose my place in the music?
3. How do I know if I'm ringing too loud or not loud enough?
4. My director is good, but how often will I have an opportunity to work with a master teacher?
5. I can also take classes to learn better ringing techniques for bass and/or treble bells.

## ***I am a teacher. Why should I attend this event?***

Personal and professional improvement is an important on-going development enhancement to every teacher's career. Remember that Area 2 is able to give continuing education credits to certified teachers in all three of our states: New Jersey, New York and pending in Pennsylvania.

## ***Are there any 'hidden' fees associated with this event?***

Only two "fees" are associated with the Vibration Vacation events:

1. The **Event Fee** covers all classes and tracks plus dinner on day one and lunch on day two. The Event fee **DOES NOT** include accommodations. (note: if you sign up to attend both events, then the Event Fee must be submitted for each event.)
2. The **Music Fee** is a purchase charge to cover the cost of your personal set of music used in the ringing and/or directors' tracks and the music is then yours to keep. (note: If you are signing up to attend both events and picked up your music at the first event chosen, you do not have to purchase a second set at a later event provided you bring your original purchased set with you when you register. Remember, **NO** Copies of music are allowed; you must be using published music at all times.

## ***What about accommodations?***

We have arranged special rates with two hotels near both sites. **YOU** are responsible for making your own hotel reservations. Event fee **DOES NOT** include accommodations. Note the various cut-off dates for making your reservations to obtain the discounted rate.

## From our Workshop Coordinator . . .

I want to thank the hostesses and clinicians for the spring Read and Ring workshops. In River Edge, NJ Gloria Norton was the hostess and Chris Braden was the clinician. In Katonah, NY Eileen Laurence was the hostess and Bob Ward was the clinician. In Mountain Lakes, NJ Donna Garzinsky was the hostess and Carl Loutzenheiser was the clinician.

Although the attendance was low at all of the workshops they were all deemed successful with glowing feedback for both the clinicians and the hostesses. Thanks to all for the wonderful job. I would also like to thank Lynn Morgan and Jenny Whitenack for agreeing to host a workshop in Watertown, NY. Unfortunately we were forced to cancel this workshop.

We invite our members in the Pittsburgh area to attend the Spring Into Music Read and Ring to be held on June 9th from 10 AM to 1 PM at the Mt Lebanon United Methodist Church. Mary Paine ([education@threeriversringers.org](mailto:education@threeriversringers.org)) is the hostess and Nancy Lutz will be the clinician.

I am now working on scheduling workshops for the fall of 2012. These workshops usually concentrate on teaching and reviewing bell techniques. They are usually scheduled for a 6 hour period (9 am - 3 pm) with a 1 hour lunch. If you are interested in hosting a workshop, contact me, Betsy Barr, Workshop Chairperson for Area 2 at [wtbarr50@gmail.com](mailto:wtbarr50@gmail.com). You will see on the next 2 pages, we have one Fall Workshop ready to be registered for in the Centerport, NY area.

### AGEHR AREA 2 MENTORING PROGRAM

**New bells, new ringers, new director?  
Old ringers need refurbished?**

Due to a special grant, Area 2 is able to offer a **free** half-day workshop for any church or school, at your facility at a time convenient for you. We will design the workshop to meet your needs. We can help you get a new program started, hone your ringers' skills and techniques, or just help you work through a difficult piece. You decide what you and your ringers would like to work on, and we will send a clinician to work with your group on those specific needs.
